

Luxaface®

Quartz Stone Material

Luxaface®

Quartz Stone Material

Luxaface Quartz Stone is a quality quartz worktop underwent a rigorous selection process to ensure that our customer gets the best quality at an affordable price range.

Luxaface Quartz Stone is a non-porous material, it does need any polishing to maintain its glossy outlook, and smooth surface. Luxaface Quartz Stone is an extremely durable and resilient material with 94% of natural quartz as its main component.

Luxaface Quartz Stone is an excellent choice to be used as a surface top in Kitchen, Bathroom, and any form of counters in public areas.
